

Proceedings  
California Exotic Pest Plant Council  
Symposium  
Volume 2: 1996

Edited by

Jeff Lovich

United States Geological Survey, Department of Biology,  
University of California, Riverside, CA

John Randall

The Nature Conservancy Wildland Weeds Management,  
Section of Plant Biology, University of California, Davis, CA

and

Mike Kelly

The Friends of Los Peñasquitos Canyon Preserve, San Diego, CA

October 4-6, 1996  
Handlery Hotel  
San Diego, California

EXOTIC  
PEST PLANT  
COUNCIL**

## Disclaimer

The views and opinions expressed in the articles making up the content of this publication do not necessarily reflect the position of the California Exotic Pest Plant Council.

CaIEPPC thanks the following organizations for their generous cosponsorship of the 1996 CaIEPPC Symposium:

Monsanto Company  
California Native Plant Society  
SePro  
Tree of Life Nursery  
Caltrans Environmental Services  
Barrie Coate & Associates  
Jones & Stokes Associates  
Redwood National Park  
Resource Management International  
Strybing Arboretum  
Transportation Corridor Agencies  
Elizabeth Crispin

# Contents

## Papers Presented at the CalEPPC '96 Symposium

California Landscapes Before the Invaders Michael G. Barbour, Univ. of California, Davis.	5
Stowaways and Invited Guests: How Some Exotic Plants Reached the American Southwest Barbara Tellman, Univ. of Arizona.	10
The Tumbleweed Centennial in the Antelope Valley, California David A. Bainbridge, San Diego State Univ.	16
Australian National Weeds Strategy: What Are the Lessons? Stella E. Humphries, Commonwealth Scientific Research Org., Australia.	21
Group Discussion: Toward a National Weed Strategy - What Role Can CalEPPC Play? John M. Randall, The Nature Conservancy.	30
What Traits Distinguish Invasive Plants from Non-Invasive Plants? Sarah Hayden Reichard, Univ. of Washington.	31
The Search for Patterns of What Determines the Increased Competitive Ability of Invasive Non-indigenous Plants? Bernd Blossey, Cornell Univ.	39
Wildlife as Weeds Jeff Lovich, U.S. Geological Survey, Univ. of California, Riverside.	46
Exotics in the Southern California Vernal Pool Ecosystem Ellen T. Bauder, San Diego State Univ.	52
Why Herbicides Are Selective David W. Cudney, Univ. of California, Riverside.	56
Tamarisk Control and Common Sense Cameron W. Barrows, Coachella Valley Preserve, Thousand Palms.	59
<b>YELLOW STARHISTILE CONTROL METHODS</b>	
Yellow Starthistle: Biology and Life History Joseph M. DiTomaso, Univ. of California, Davis.	61
Yellow Starthistle Management with Grazing, Mowing, and Competitive Plantings Craig D. Thomsen, William A. Williams, and Marc P. Vayssieres, Univ. of California Davis.	65
Fire Controls Yellow Starthistle ( <i>Centaurea solstitialis</i> ) in California Grasslands Maria S. Hastings, Calif. State Parks and Joseph M. DiTomaso, Univ. of California, Davis.	72

Yellow Starthistle Control Methods: Biological Control  
Michael Pitcairn, Calif. Dept. of Food and Agriculture. 77

Yellow Starthistle: Chemical Control  
Joseph M. DiTomaso, Univ. of California, Davis 81

**Abstract of presentation delivered at the CalEPPC'96 Symposium, but for which a paper was not submitted to the proceedings.**

Control of Exotic Weeds with Roundup® Herbicide: Survey of Projects  
Nelroy E. Jackson, Monsanto Company. 86

**Posters presented at the CalEPPC'96 Symposium**

The Effects of Fire Frequency and Firebreaks on the Abundance and Species Richness of Exotic Plant Species in Coastal Sage Scrub  
Jason Giessow and Paul Zedler 86

Teamwork Kills *Arundo* in Cost-effective Manner  
D. M. Lawson, U.S. Navy, V. Vartanian, The Nature Conservancy, and J.A. Else, San Diego State Univ. 95

Controlling *Cynara Cardunculus* (Artichoke Thistle, Cardoon)  
Mike Kelly, Friends of Los Peñasquitos Canyon Preserve, San Diego, CA and Alan Pepper, Crop Biotechnology Center, Texas A&M Univ. 97

Ecological Control of Exotic Plants  
Robert M. Dixon and Ann B. Carr, Imprinting Foundation, Tucson, AZ. 101

*Miconia calvescens* on the Island of Maui: Profile of an Early Containment Attempt  
Pat Bily, The Nature Conservancy, Hawaii. 101

Native and Exotic Species Interactions in Southern California Salt Marshes: *Salicornia Virginica* and *Polypogon Monspeliensis*  
John Callaway and Joyce Zedler, PERL, San Diego State Univ. 102

Preliminary Results from a Vinca Major Removal Experiment  
Robert Wright, Golden Gate National Parks Assoc., San Francisco, CA 102

Post Flood Establishment of Native Woody Species and *Arundo Donax*  
Jesse A. Else, San Diego State Univ. 103

*Centarurea Solstitialis* and the Water Balance Research  
John Gerlach, Dept. of Agronomy & Range Science, Univ. of California, Davis. 103
