Laws and Regulations

About the species (prevention, control, eradication)

- Federal

The screenshot shows a search results page for 'Introduced, Invasive, and Noxious Plants'. The top navigation bar includes links for Home, About PLANTS, Help, Feedback, Log In, and Log Out. The main content area displays a table with columns for Species Name, Common Name, Family, and Scientific Name. One row is highlighted, showing 'Alocasia macrorrhiza' as the common name for 'Giant Arrowhead' in the Araceae family.

Species Name	Common Name	Family	Scientific Name
Alocasia macrorrhiza	Giant Arrowhead	Araceae	Alocasia macrorrhiza DC.

- State

The screenshot shows the 'CALIFORNIA NOXIOUS WEEDS' section of the 'PLANT HEALTH & PEST PREVENTION SERVICES' website. It features a search bar and a table with columns for GENUS, SPECIES, COMMON NAME, FAMILY, and SCIENTIFIC NAME. Two rows are visible: one for 'Alocasia macrorrhiza' (Giant Arrowhead) and another for 'Alocasia macrorrhiza' (Giant Arrowhead).

GENUS	SPECIES	COMMON NAME	FAMILY	SCIENTIFIC NAME
Alocasia	macrorrhiza	Giant Arrowhead	Araceae	Alocasia macrorrhiza DC.
Alocasia	macrorrhiza	Giant Arrowhead	Araceae	Alocasia macrorrhiza DC.

The screenshot shows a 'CERTIFIED SEED' document for Kentucky 01 TALL Fescue. It includes details such as Kind: Tall Fescue, Variety: Kentucky 01, Origin: Oregon, Lot Number: 01090, Vendor and address: XYZ Seed Company, Net Weight (lb): 50, Germination (%): 95, Hard Seed (%): 0, Test Date: 12/1/09, and Other Crop Seed (%): 0.5%. The document also states it is a member of the Association of Official Seed Certifying Agencies.

CERTIFIED SEED

Seed in this container are from a lot of seed which was produced by XYZ Seed Company and certified by the North Carolina Crop Improvement Association and the state of North Carolina. See below. This seed must be stored under refrigeration at 40° F or less until used.

Kind:	Tall Fescue	Variety:	Kentucky 01	Origin:	Oregon
Lot Number:	01090	Vendor and address:	XYZ Seed Company	Pure Seed (%)	95%
Net Weight (lb):	50	Germination (%):	95	Inert Matter (%):	0.5%
		Hard Seed (%):	0	Waste Seed (%):	0.5%
		Test Date:	12/1/09	Other Crop Seed (%):	0.5%
		Noxious Weeds:	10 Curly Dock
