

2011 Cal-IPC Photo Contest

Cal-IPC's outreach and education efforts rely heavily on photography to show people the devastating impacts weeds have on our natural communities. Without the great pictures our members share with us, our message would be much harder to convey

Photo Categories

Landscape: Lots of plants, demonstrations of serious invasions

Specimen: Close-up of a plant or part of a plant

Impacts: Capturing the ecological or economic cost of invasions

Before/After: Show us your weed control successes

Weed Workers: Two legs, four legs, or no legs – anyone or anything working on weeds

Humor: You should see the entries we get in this one, let's see yours

**Entries will be displayed at the 2011 Symposium
and attendees will vote for "Best in Show."**
