

# Please Report Your Sightings!

These Early Detection Rapid Response (EDRR) cards were designed to help with the identification of new invaders in your local area.

## **If you see any of these plants in your local parks, LET US KNOW!**

1. Contact the local resource manager.

Name, Region

[email](#)

Phone number

Name, Botanist

[email](#)

Phone number

2. Enter your observation. You can do this in one of three ways:

- Use the free app for iPhone or Android called Calflora to record the location.
- Enter it through an online map at Calflora ([calflora.org](http://calflora.org)).

**Working together we can protect the unique natural resources of our area!**

*Many thanks to the National Park Service (NPS) who generously allowed the use of their design and materials.*

# Please Report Your Sightings!

## Additional contacts for EDRR weeds found outside of your region:

**California Invasive Plant Council (Cal-IPC)** protects California's lands and waters from ecologically-damaging invasive plants through science, education and policy. For more information on wildland invasive species, visit: [www.cal-ipc.org](http://www.cal-ipc.org)

**Calflora** curates information on plants that grow wild in California for conservation, education and appreciation. Visit: [www.calflora.org](http://www.calflora.org)

**California Department of Food & Agriculture (CDFA)** regulates noxious weeds. Visit: [www.cdfa.ca.gov/plant/ipc/](http://www.cdfa.ca.gov/plant/ipc/)

To report a noxious weed sighting, contact:  
Dean Kelch  
CDFA Senior Plant Taxonomist  
916-262-1100  
[dean.kelch@cdfa.ca.gov](mailto:dean.kelch@cdfa.ca.gov)

You may also contact your County Agricultural Commissioner or your local Resource Conservation District about newly detected invaders in your region.

If your find can be removed in 2 minutes or less, please follow the suggestions per the **2-Minute Removal** at the bottom of each card to:

“Pull”

or

“Dig”
