

Please Report Your Sightings!

These Early Detection Rapid Response (EDRR) cards were designed to help with the identification of new invaders in your local area.

If you see any of these plants in your region, LET US KNOW!

1. Contact the local resource manager.

Name, Region:

Email:

Phone number:

Name, Botanist:

Email:

Phone number:

2. Enter your observation. You can do this in one of two ways:

- Use the free app for iPhone or Android called Calflora to record the location.
- Enter it through an online map at Calflora (calflora.org).

Please email us a link to your observation.

**Working together we can protect
the unique natural resources of
our area!**

Many thanks to the National Park Service (NPS) who generously allowed the use of their design and materials.

Please Report Your Sightings!

**Additional contacts for EDRR
weeds found outside of your
region:**

**California Invasive Plant Council
(Cal-IPC)** protects California's lands and
waters from ecologically-damaging invasive
plants through science, education and policy.
For more information on wildland invasive
species, visit: www.cal-ipc.org

Calflora curates information on plants that
grow wild in California for conservation,
education and appreciation.
Visit: www.calflora.org

**California Department of
Food & Agriculture (CDFA)**
regulates noxious weeds.
Visit: www.cdafa.ca.gov/plant/ipc/

To report a noxious weed sighting, contact:
Dean Kelch
CDFA Senior Plant Taxonomist
916-262-1100
dean.kelch@cdafa.ca.gov

You may also contact your County Agricultural
Commissioner or your local Resource Conservation
District about newly detected invaders in your
region.

If your find can be removed in 2 minutes or less,
please follow the suggestions per the **2-Minute
Removal** at the bottom of each card to:

“Pull”

or

“Dig”
