

# BURNAREA **EMERGENCY** RESPONSE (BAER)

Photo: landon-parenteau / unsplash

## **Dozer Lines**

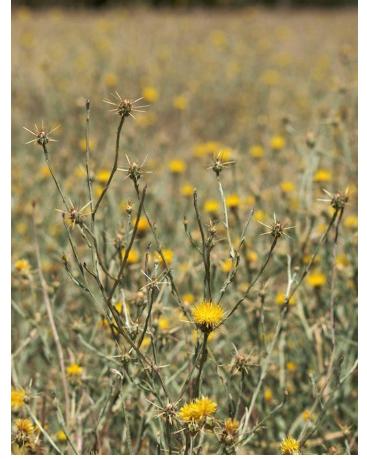

#### Lepechinia fragrans

(Fragrant pitcher sage)

Centaurea solstitialis (Yellow Star-Thistle)

#### **Yellow Star-Thistle**

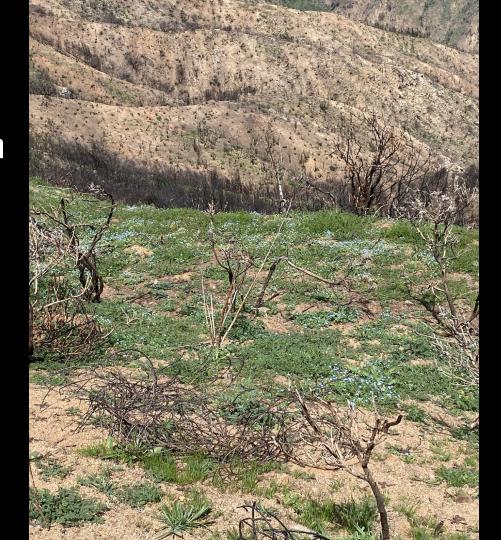

Prime for foliar treatment

## Silver Mountain

Post Bobcat fire

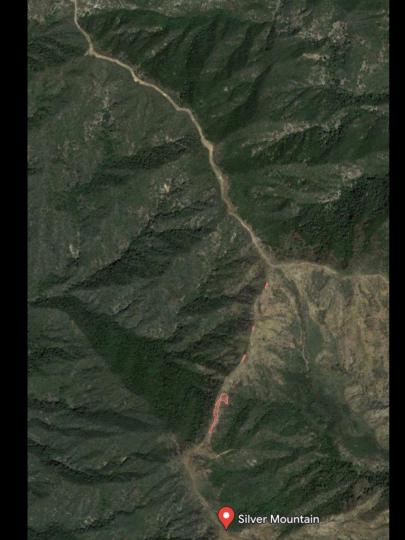

Reestablished Dozer Line Yellow Star-Thistle population Silver Mountain

Patches of

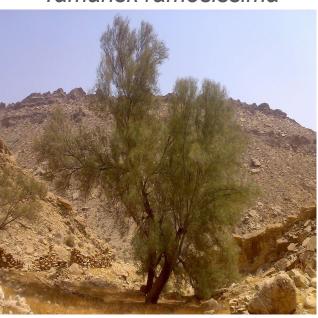

#### **Perennials**

Tamarisk ramosissima

Tree of Heaven

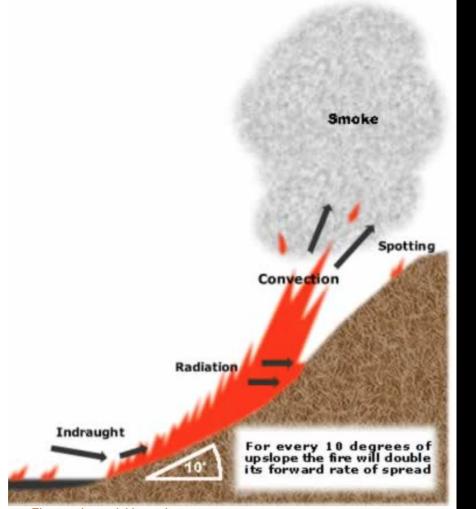

Spanish Broom

Imelda untangling
Tamarix from the
Native Mule Fat and
Willow

Fire moving quickly upslope

### **Lake Elizabeth Canyon**

In the Lake Fire burn area

#### **Lake Hughes Rd**

(Running Parallel with Lake Elizabeth Cyn)

Lake Elizabeth Canyon

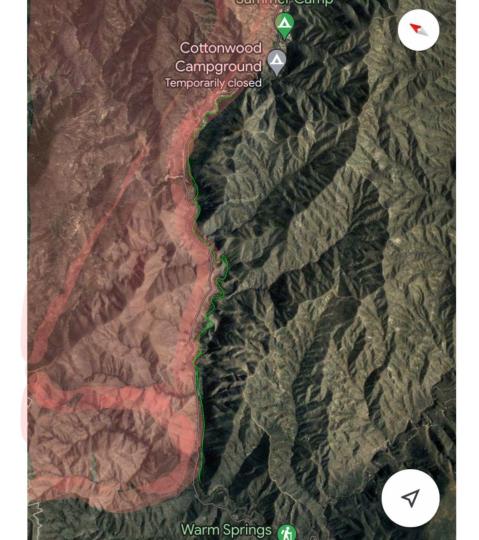

**Unearthing Tamarix** 

## **Lake Elizabeth Canyon**Lake Fire Burn Area

Areas shaded red are the Lake Fire burn Area

Green Line is the stretch of Canyon we surveyed and treated

(on Left)
Weed Crew
Member Amy seen
here treating a
large spanish
broom using the
Cut and Daub
method

(on right)

A fist full of spanish broom seedlings

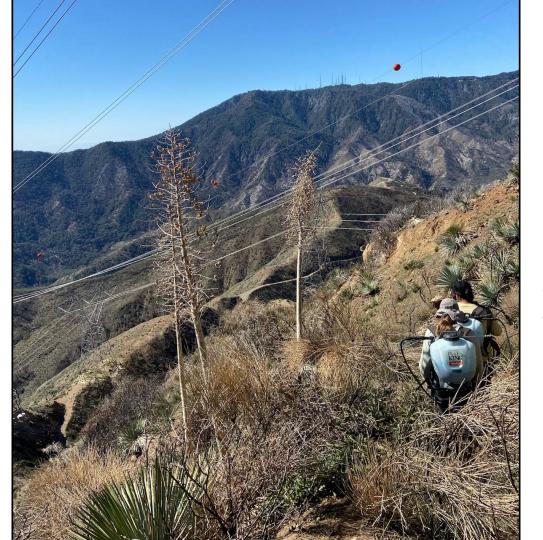

Trimming flowers of Sysimbrium with a Hedge Trimmer before foliar spraying.

On the hunt for any **green** on Broom.
