

# **Weeds BMPs**

For EDRR surveys and treatment

---

# The Risk

Rapid Response to early detections requires crews to come into contact with uncommon weed material.

This has the potential to move those weeds around.

# Start Clean, End Clean

# **Work Clean to Dirty / Weedy**

- Do cleaner tasks first.
  - Plan tasks in weed-free areas first.
  - Do outliers first on RR days.
  - Travel clean to dirty.
-

# **Know when to call it**

- If the seeds shatter – don't handle them. Moving them may be more harm than good.
-

# Brush between Sites

# Clean Equipment Crevices

# Clean Your Vehicle

Daily – brushing before  
you leave the site (boots,  
tools, equipment)

Weekly – Truck?

Monthly – Truck

Seasonally – packs fully  
emptied

IT'S  
ABOUT  
TIME

# Put Together a BMP Kit

**\$1.67**

**\$35.00**

**\$5.68**

**3 for \$8.50!!**

# Other handy tools

# Weed it and reap!
